### Annual General Meeting

#### IMPORTANT

There are vacant posts which **MUST** be filled. We need to elect new committee. However, some crucial vacancies exist:

- \* New Chairman required.
- \* Captain and additional help with running the Small-bore and Air Leagues required.

We also need someone to support the newsletter. As an association we are not doing as much as we should be and that is down to a lack of committee members and volunteers in general.

Can people willing to help please make themselves known to the Secretary or Chairman?

### UPDATE: Full bore TR and F-Class Competitions

#### UPDATE

Unfortunately we have lost the Bulford booking. However, alternate arrangements are under investigation.

#### INTRODUCTION

The main purpose of this competition, apart from everyone having fun shooting, is to raise the level of interest in TR and F Class within the County and, hopefully, to promote these disciplines in the future. Hopefully all abilities will attend – the experienced to pass on the mystique of TR and the newcomers to learn.

#### CERTIFICATION CARDS

If you do **NOT** have an NRA/Club Shooter Certification Card, please indicate on the Entry Form – so that we can arrange the necessary one-to-one supervision.

#### PREPARATION

Please do not enter this competition unless you can remain for the whole of the shooting day – 0800 – 1630. We will shoot whatever the weather so please bring suitable clothing, groundsheets etc to ensure your comfort. Also, there are no catering facilities at the Range so you are advised to bring whatever food and beverages you will need for the day to keep body and soul together.

Please assemble in the Range car park at 0800 to draw targets and rig the Range. Once the Range is rigged we will reassemble in the Car Park for a Range Brief and allocation of details, butts crew etc. On completion of the briefing, take all your kit either to the 300 yard Firing Point or the Butts as appropriate. We need everyone in position ready to start the first detail promptly at 0900.

#### RIFLES

There will be rifles that you can borrow on the day – but please let us know of your requirements – ditto ammunition, although if you require anything fancy, please bring your own.

#### MARKING

Will be of high quality – by yourselves.
