Newsletter Editor

*This is not a post mandated by the constitution. However, it is obvious that we need to get correspondence out to the membership more often. It is also clear that while this task is not onerous it is not a task that can be carried out in addition to the duties of a committee member such as the Chairman, Hon. Secretary or Hon. Treasurer. This post is **essential**. A large proportion of the Newsletter Editors task is carried out for him or her by other committee members: the production of the address labels and editing of the calendar. Therefore this task on its own should not be onerous.*
